An Overview

Population Health Dashboard

- Definition: a dashboard in the analytics tab that gives you lots of information about a group of students.
- Access: Select the Analytics icon on the left side of your screen and choose "Population Health Dashboard" in the Population Health Analytics box:
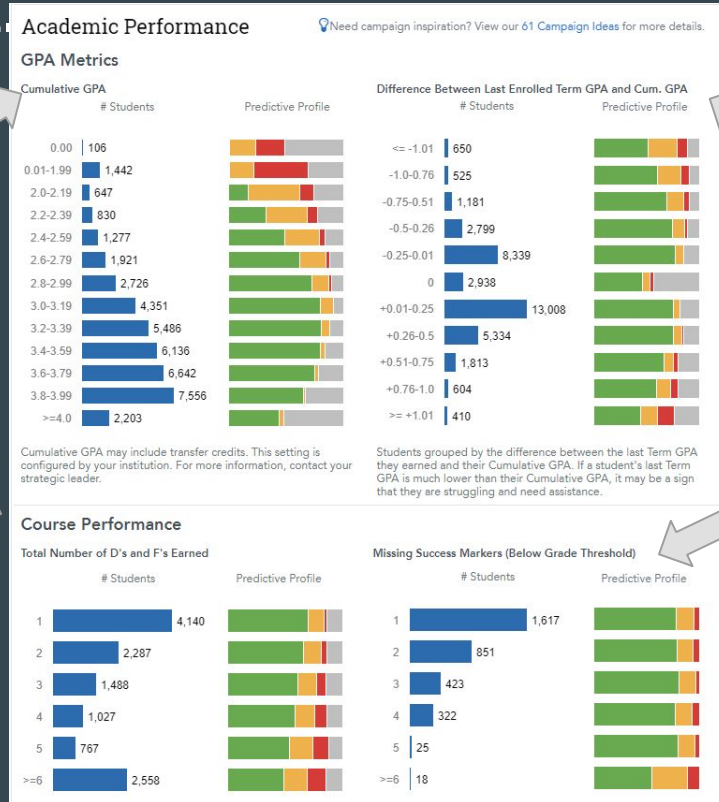

Overview Tab

The filters on the left side will enable you to hone in on your specific student population.

Any of the blue numbers can be selected to create a report of all of the students within that group. This report is exportable in a number of formats.
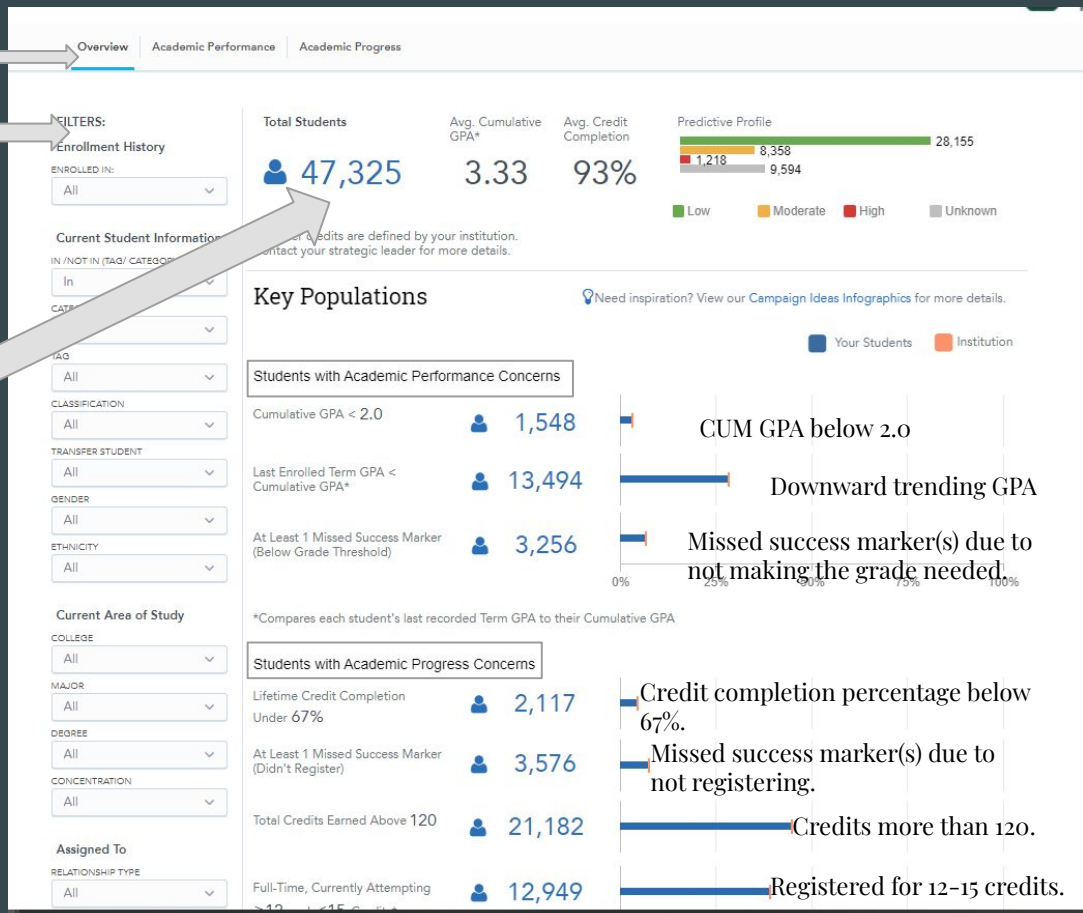

Academic Performance Tab: clicking on the numbers will create an exportable report.
