

Test Evaluation

Review your performance on a recent test. If your professor does not permit you to keep the graded test, ask permission to review it in his or her office. Describe the test and your performance using the following criteria:

1. Test Description
 - a. Course title and date of test
 - b. Material covered in the test
 - c. Type of test
 - i. Objective
 1. True-False
 2. Matching
 3. Multiple Choice
 - ii. Recall
 1. Fill-in-the-blank
 2. Listing
 3. Definitions
 4. Short Answer
 - iii. Math
 - iv. Essay
 - d. How many questions were on the test?
 - e. What percentage of the test was based on lecture?
 - f. What percentage of the test was based on assigned reading?
2. Your Performance
 - a. Your grade or score
 - b. What kinds of questions were easiest to answer?
 - c. What kinds of questions were hardest to answer?
 - d. What kinds of errors did you make? Use the criteria on page 370-71 of your text.
3. Preparation for the next exam.
 - a. How did you prepare for this test?
 - b. When is the next test?
 - c. What material will be covered on the next test?
 - d. What changes, if any, will you make in your preparation for the next test?
